

I support media diversity

I am very concerned about Docket No. 02-277, The Biennial Review of the FCC's broadcast media ownership rules. I believe the current media ownership rules should remain in place. Our democracy is not served by limiting diverse viewpoints and having fewer and fewer large companies being in control of the news and commentary which we, as Americans, can receive. Also, there should be several public hearing on this matter, including the one set for Richmond, Virginia. This is a crucial issue which the public needs to weigh in on and public hearings are a good way of doing just that.

Please help our democracy stay alive and well and don't further limit our diverse availability of American opinion and thought.

Thank you,
